SchoolStatus User Guide

A quick guide for students, parents, staff, and school administrators.

1. Getting started

- Visit the SchoolStatus homepage to view the latest school posts and community updates.
- Use the navigation menu at the top to move between Home, About Us, Services, Contact Us, Create Post, and Registered Schools.
- If you are a new user, click Register to create an account before posting or managing content.

2. Registering and logging in

- Open the Register page and fill in your valid details as requested by the form.
- Use a secure email address and choose a password you can remember.
- After registration, log in using your email and password to access protected features.

3. Exploring schools and posts

- From Home, you can browse school profiles and read recent updates posted by institutions.
- Each school card shows key information about the post and can be opened to read more details.
- Users can also add comments and react to posts using the like or dislike buttons.

4. Creating a school post

- Click Create Post from the navigation bar or the main homepage section.
- Add the required school information, image, and description.
- Review the details carefully and submit the post so the community can see it.

5. Services and communication tools

- The Services page explains the main features of the system, including attendance tracking, secure access, announcements, and reports.
- Use the Contact Us section to reach phone numbers, email addresses, or map locations.
- School updates and announcements can help keep the wider community informed and connected.

6. Support and best practices

- Keep your account information accurate so you can receive updates and stay in contact with the school.
- Use clear school names and informative descriptions to make posts easier to understand.

- If you have difficulty logging in or posting information, contact the site administrator or use the available contact links.

Important:

Use this platform to communicate clearly, keep records up to date, and support a stronger school community.

Thank you for using SchoolStatus.
